📞 0728895218 ✉ hussainalirezaie54@gmail.com 🔗 <https://github.com/Hussain54218> 📍 Kabul, Afghanistan

SUMMARY

Results-driven Web Developer with expertise in **HTML, CSS, JavaScript, Bootstrap, Tailwind**, and **React.js** for frontend development, and **Node.js, Express.js**, and **MongoDB** for backend solutions. Passionate about creating **responsive, user-friendly websites** and **applications**. Eager to leverage my **technical skills** and **creativity** to contribute to **innovative web solutions** and drive the success of projects.

EXPERIENCE

MERN Stack Web Developer

Movie App (Personal Project)

📅 2023 📍 Kabul, Afghanistan

Developed a responsive web application for browsing and managing movies using the **MERN** stack: React.js, Tailwind CSS, Express.js, and MongoDB.

- Designed dynamic and responsive UI components using Tailwind CSS
- Built RESTful APIs using Express.js for CRUD operations
- Managed state and front-end logic with React

University Inventory Management System (Academic Project – Ongoing):

📅 2025 - Present 📍 Kabul Polytechnic University, Kabul, Afghanistan

Currently developing a full-scale inventory management system for Kabul Polytechnic University, utilizing the **MERN** stack

- Designing a hierarchical structure for university administration, vice-presidencies, faculties, and departments
- Building dedicated pages with dynamic routing for each organizational unit
- Implementing the back-end with Node.js, Express, and MongoDB for data storage and retrieval
- Planning real-time statistics and graphical reports for effective inventory management

EDUCATION

Focus on web development, information systems, and software engineering

Kabul Polytechnic University, Kabul, Afghanistan

📅 2021 - Present

GPA

4.0 / 4.0

STRENGTHS

Problem Solving

I enjoy solving complex problems and turning ideas into real, working solutions. I focus on writing clean, scalable, and efficient code.

Teamwork

I work effectively in teams and believe that communication and collaboration are key to building successful projects. I am open to feedback and enjoy learning from others.

Fast Learner

I quickly adapt to new technologies, tools, and programming concepts. I am always eager to explore the latest trends in web development and continuously improve my skill set.

SKILLS

HTML

CSS

JavaScript

React JS

Tailwind CSS

Node JS

Express JS

PHP

MongoDB

INTERESTS

Learning New Tools & Frameworks: Constantly exploring new frameworks, libraries, and tools to enhance my development workflow.

Web Development: Passionate about building innovative web applications and staying updated with the latest trends in front-end and back-end development.

Technology & Innovation: Interested in exploring emerging technologies, including AI and machine learning, and their integration into web development.

Open-Source Contributions: Actively involved in contributing to open-source projects and collaborating with the developer community.
